School Building Data Form

1. Name of school district _____
2. Name of school building _____
3. **Physical education program and students.** In column A, report the total number of students at each grade according to the most recent "head count" conducted at your school. If special education students are included in "regular" education, include those numbers with the appropriate grade level; if not, use the special education row at the bottom of the chart. The remaining columns are self-explanatory. Please give average values for columns D and E rather than ranges.

	Total number of students in this grade	Number from Column A who are special education students	Number from Column A who qualify for the free lunch program	Average frequency of PE for students in this grade (days per week)	Average duration of PE class for students in this grade (minutes)	What percentage of students in this grade are enrolled in PE?
Grade	A	B	C	D	E	F
Preschool				days	min	%
Kindergarten				days	min	%
Grade 1				days	min	%
Grade 2				days	min	%
